6 sizes in bytes, and dates of creation, on the first compact disc in each set of three  
7 compact discs (CD 1 of 3) filed with the application. In the table, these files are  
8 listed in the order of creation date, creation time, size in bytes, and name.

9 The TABLE2.TXT file is a table listing all the files, including their names,  
10 sizes in bytes, and dates of creation, on the second compact disc in each set of  
11 three compact discs (CD 2 of 3) filed with the application. In the table, these files  
12 are listed in the order of creation date, creation time, size in bytes, and name.

13 The TABLE3.TXT file is a table listing all the files, including their names,  
14 sizes in bytes, and dates of creation, on the third compact disc in each set of three  
15 compact discs (CD 3 of 3) filed with the application. In the table, these files are
